A Great Day at the Norfolk Canyon aboard the Fishin Fool, crew Lucian, Jimmy K., Bill Funk, Bob & Ian. We caught 2 Gaffers, 21 YFT, keeping a limit of 15, 1 Bluefin Tuna and had 2 very nice Blue Marlin break offs. One was estimated over 700 lbs, and came chewing the Bird Green Machine right behind the boat.

Half way into the day one of the crew pulled out a Banana and proceeded to eat it, I guess we ruled out that Banana theory.

Tips of the Month

Offshore Fishing – You get a strike, rod goes down while trolling, keep the boat speed up and start jiggling the other lines to entice more bites. If the fish comes off, drop back the line, check to see if the fish came back, if not try dropping it back again, sometimes the fish will think the bait is wounded and turn back on it. You could also try making a sudden turn letting the inside lines drop and slow while the outside lines speed up, enticing multiple hook ups.

Spade Fishing – You are at the tower, buoy or over a wreck, see spades, but the bite is hard to come by, cast your line up current, let it drift back past the boat, the fish see it as a natural bait and snatch it up before the line comes tight.

We need fishing tips every month, if you have a tip, please feel free to email Lucian Montagna at lmontagnaj@aol.com
